# CHAIRS

A versatile sled base armchair for food service, health care and general office duty. The continuous 1-1/4 inch steel tube frame is finished in chrome or epoxy. Seats are of moulded foam with rigid urethane inner-shell and zippered slipcovers, or of lacquered birch veneer plywood.

The Tom line also comprises armless, swivel tilt and steno versions, while the Tom seat shell is used in Group Four's beam mounted and fast food seating systems.
